DIGITAL TAG APP

The world's first & only digitally branded recovery tag is a revolution in promotional gifting. Using a unique activation code, a digital image is placed on the lock-screen of any phone so that if it's lost, the finder will see the "ReturnMe for reward" image along with contact instructions all while giving your brand 24/7 brand exposure on their mobile device. We will help reunite you with your phone from anywhere in the world for a lifetime (shipping is free for the first year). Choose from ready-made wallpaper templates or design your own.
